

K-Love serves us in our community as one of the few christian radio stations in our area. We have several rock and other stations that play music that you can't even stand to listen to or further more understand. I just think that if they would put more stations on that are not christian that our children of today don't have any other option but to listen to those. Our goal in our life is to get to heaven and to see that our loved ones get there also.
